CHAPTER 85—ARMORED CAR INDUSTRY RECIPROCITY

Sec.	
5901.	Findings.
5902.	State reciprocity of weapons licenses issued to armored car company crew members.
	(a) In general.
	(b) Minimum State requirements.
5903.	Relation to other laws.
5904.	Definitions.

§ 5901. Findings

Congress finds that—

(1) the distribution of goods and services to consumers in the United States requires the free flow of currency, bullion, securities, food stamps, and other items of unusual value in interstate commerce;

(2) the armored car industry transports and protects such items in interstate commerce, including daily transportation of currency and food stamps valued at more than \$1,000,000,000;

(3) armored car crew members are often subject to armed attack by individuals attempting to steal such items;

(4) to protect themselves and the items they transport, such crew members are armed with weapons;

(5) various States require both weapons training and a criminal record background check before licensing a crew member to carry a weapon; and

(6) there is a need for each State to reciprocally accept weapons licenses of other States for armored car crew members to assure the free and safe transport of valuable items in interstate commerce.

(Pub. L. 103-55, § 2, July 28, 1993, 107 Stat. 276.)

(b) Minimum State requirements

A State agency meets the minimum State requirements of this subsection if in issuing a weapons license to an armored car crew member described in subsection (a) of this section, the agency requires the crew member to provide information on an annual basis to the satisfaction of the agency that—

(1) the crew member has received classroom and range training in weapons safety and marksmanship during the current year by a qualified instructor for each weapon that the crew member is licensed to carry; and

(2) the receipt or possession of a weapon by the crew member would not violate Federal law, determined on the basis of a criminal record background check conducted during the current year.
